Does Cobbles & Corks provide bicycles?

We know it's a hassle to travel with a bike but the reward to ride your own bike is priceless. ◆ For those who can't bring their own bike, though, we will have a small fleet of new quality road bikes available

What if I get a flat or need a spare part?

Cobbles and Corks will provide mechanical assistance should you need it. ◆ We keep standard tubes and tire supplies on-hand, and other parts can be ordered locally should the need arise.

What if I don't feel like riding a particular part of the route one day?

No problem. ◆ Our itineraries are designed to be flexible, and we know the areas that we ride in well enough to suggest alternate routes if you'd like a little extra time to wander in a town, see other sites or just kick back and enjoy the scenery. You can also take any day off you please and we can take you to Colmar for a day of shopping or whatever suits your fancy.
